PROFESSIONAL SUMMARY

Motivated Computer Science graduate (B.Tech 2025) specializing in Java Full Stack Development. Strong foundation in Core Java (OOP, Collections, Multithreading, Java 8 Streams), Spring Boot, RESTful Web Services, and Relational Databases (MySQL). Experienced in developing responsive front-end interfaces using HTML5, CSS3, JavaScript, and Bootstrap. Actively seeking an entry-level Java Developer / Software Engineer role in Telangana.

TECHNICAL SKILLS

Programming Languages: Core Java (OOP, Collections, Multithreading, Exception Handling, Java 8 Stream API), SQL

Frameworks & Backend: Spring Boot, Spring MVC, RESTful APIs, JDBC, Servlets, JSP, Hibernate basics

Web Technologies: HTML5, CSS3, JavaScript (ES6+), Bootstrap

Databases & Tools: MySQL, PL/SQL, Apache Tomcat, Git, GitHub, Maven, Postman

Core Concepts: Data Structures & Algorithms, Object-Oriented Design, ER Modeling, Normalization (1NF–3NF), Query Optimization

PROJECTS

Mechanic Buddy — Web Application (Spring Boot & React)

[Live Demo](#) | [GitHub](#)

Tech: Java, Spring Boot, Spring Data JPA, REST APIs, React.js, Tailwind CSS, JavaScript, MySQL, Render, Vercel

- Developed a full-stack web platform connecting vehicle owners facing roadside breakdowns with nearby certified mechanics across 3 roles: Admin, User, and Mechanic.
- Built secure role-based registration, authentication, and REST APIs using Spring Boot and Spring Data JPA with MySQL database.
- Engineered backend database connectivity, writing optimized queries for service request creation, mechanic discovery, and real-time status tracking.
- Designed an intuitive, mobile-responsive user interface using React.js, JavaScript, and Tailwind CSS.
- Deployed frontend on Vercel and containerized Spring Boot backend service on Render connected to cloud MySQL database.

Banking & Customer Management System (Spring Boot REST API)

Tech: Java 8+, Spring Boot, Spring Data JPA, MySQL, Maven, Postman

- Built modular RESTful web services for automated customer onboarding, account creation, and simulated fund transfers.
- Implemented robust global exception handling, input validation, and standardized HTTP response status codes.
- Designed entity relationships (User, Account, Transaction) using Hibernate/JPA with MySQL database.
- Executed comprehensive API endpoint testing and documentation using Postman collections.

EDUCATION

B.Tech in Computer Science and Engineering

2021 – 2025

Sree Chaitanya Institute of Technological Sciences, Karimnagar, Telangana — **CGPA: 6.91**

Intermediate (MPC)

2019 – 2021

SR Junior College, Hanamkonda, Telangana — **Percentage: 94.6%**

Secondary School Certificate (SSC)

2018 – 2019

Tetrahedron High School, Huzurabad, Telangana — **GPA: 9.7**

STRENGTHS & LANGUAGES

- Technical Strengths:** Strong analytical thinking, problem solving, understanding of SDLC & Agile methodologies.
- Languages:** English (Professional), Telugu (Native), Hindi (Conversational).
